50mm Driver Units
True-to-Life Sound Effects

It features custom 50mm drivers for powerful sound resolution and deep bass. With punchy bass and clear vocals, it enhances gaming immersion and delivers an exceptional listening.

Virtual 7.1 Surround Sound
Hear Sound from Every Angle

It delivers 7.1 virtual surround sound, providing precise sound positioning. You will identify actions clearly from different directions and stay ready to dive into the game battle at any moment.

Noise-Cancelling Microphone
Clear Communications in Your Squad

It uses a noise-cancelling microphone to ensure clear communication between you and your squad as if face-to-face, accurately conveying tactical instructions to enhance teamwork efficiency.
