

Note Validator NC 400

With covers in light gray and anthracite, suitable for the following funds:

CM 911, CM 912, CM 941, CM 941F, CM 942, CM 942F

- Validates the Euro notes
- The note is feeder manually above the display, and automatically fed through the machine
- After the test the note is laying in the charcoal translucent tray
- The result of the test is shown as a red or blue lighting LED
- In case the note can't be verified as true the machine gives a warn signal
- The user can install the validator without tooling
- The scope of delivery includes the covers for the validator to fit the machine housing colour
- There are two different sets available to fit the size of the two different machine series
