

Delock Key Safe for storing keys with combination lock for wall mounting

Description

This key safe by Delock is suitable for the **secure storage of keys and other valuables**.

Suitable for wall mounting

For example, when using rented properties such as **holiday homes**, the key safe can be placed in a secure location so that the user can remove the keys deposited there without the landlord having to be present.

Numerical code with LED

The safe is locked with a **4-digit numerical code** and protected from weather and dirt thanks to a flap. Thanks to the **LED lighting**, the numerical code is also clearly visible in the dark.

Note

Suitable for keys up to 8 cm length.
