

2 x 4 USB 2.0 Sharing Switch

US4224

Instantly Manage Four Peripherals
with A Single Press

The US4224 enables sharing of up to four USB Type-A peripherals at data transfer rates up to 480 Mbps between two PCs at a press of the built-in pushbutton thanks to InstaSync™ technology it adopts for fast switching. It comes plug-and-play to support mainstream operating systems, including Windows, macOS, and Linux, without any driver or software installation. The compact casing with accent light enhances aesthetic appeal, matching the vibes of your hybrid workstation or gaming corner.

Features

InstaSync™ Technology

Fast USB switching capability that keeps the flow smooth and uninterrupted

Four USB Device Sharing Across Two Computers

Farewell to the need of swapping cables and peripherals between two separate computers

480 Mbps Transfer with USB 2.0

Up to 480 Mbps data transfer rates ensure quick and efficient file transfer performance

Quick Switch via Built-In Pushbutton

Enjoy the hassle-free experience of switching USB peripherals between two systems with just one single button press

Compact Enclosure with Accent Lighting

Aesthetically pleasing with its accent lighting and a casing so compact that it occupies very little space

Hot Pluggable

Allows adding / removal of the peripherals/computers connected to the installation without having to power down the switch. Besides, no drivers or software is required

OS Independent

Compatible with mainstream operating systems including Windows, macOS, and Linux
