Operating Guidelines

Both side panels and the top air vents of the case should not be covered by other objects. To ensure adequate cooling performance, the case must be placed free-standing. Utilization in enclosed spaces is not supported. The case must have a minimum distance of 15 cm between it and surrounding objects.

WEEE:

In European countries where the WEEE directive applies, do not dispose of the case or any contained components as household waste. Please only dispose the case at designated electronic waste collection points, or return it to DAN Cases GmbH.

Warranty:

Any modifications to the case or its parts will void your warranty. This also applies to the incorrect or negligent handling of the product. Any manipulation or removal of the serial number or damages from Force Majeure shall also void the warranty.

Responsibility:

DAN Cases GmbH is not liable for damage to the built-in hardware due to improper handling. Please visit www.dan-cases.com to confirm that your components are compatible with the case.

Packing:

This box (packaging) is recyclable. Please recycle according to local regulations.

Betriebserlaubnis

Der Nutzer muss sicherstellen, dass sowohl die Seitenteile als auch die Oberseite nicht durch andere Objekte verdeckt werden. Für die Gewährleistung einer ausreichenden Kühlleistung muss das Gehäuse freistehend aufgestellt werden und darf nicht in einer Einhausung betrieben werden. Das Gehäuse muss mit einem Mindestabstand von 15 cm zu umliegenden Objekten aufgestellt werden.

WEEE:

Das Gehäuse und die darin enthaltenen Komponenten dürfen in europäischen Ländern, in denen die Richtlinie für das WEEE gilt, nicht im Hausmüll entsorgt werden. Bitte entsorgen Sie das Gehäuse in den dafür vorgesehenen Elektroschrott-Aannahmestellen oder schicken Sie es an DAN Cases GmbH zurück.

Garantie:

Für die Aufrechterhaltung der Garantie seitens Lian Li dürfen keine Modifikationen am Gehäuse und den enthaltenen Teilen durchgeführt werden. Selbiges gilt für die falsche oder fahrlässige Handhabung des Produktes. Das Manipulieren oder Entfernen der Seriennummer sowie der äußere Einfluss von höherer Gewalt führt zum Erlöschen der Garantie.

Haftung:

DAN Cases GmbH haftet nicht für Schäden an der verbauten Hardware durch unsachgemäße Handhabung. Bitte informieren Sie sich vor dem Einbau der Komponenten, ob diese mit dem Gehäuse kompatibel sind. Die dafür nötigen Informationen finden Sie auf www.dan-cases-com.

Verpackung:

Der Karton (Umverpackung) ist recyclebar und kann daher im Papiermüll entsorgt werden.

Take all the time you need for your build.

Lassen Sie sich genügend Zeit, für den Zusammenbau aller Komponenten.

Make sure that every component is free of electricity before working inside the case.

Stellen Sie sicher, dass jede Komponente frei von elektrischer Spannung ist, bevor Sie im Gehäuse arbeiten.

Make sure that you ground yourself to avoid damaging a component with electrostatic discharge.

Stellen Sie sicher, dass Sie geerdet sind, um die Komponenten vor einer elektrostatischen Entladung zu schützen.

To prevent damaging components and screw threads, use a minimum of force for mounting components and tightening screws.

Verwenden Sie nur ein Minimum an Kraft beim Einbau von Komponenten und Anziehen von Schrauben, um eine Beschädigung von Komponenten und Gewinde zu vermeiden.

Use a Phillips cross-head screwdriver for all screws inside the case.

Verwenden Sie einen Phillips Kreuzschlitz-Schraubendreher für alle Schrauben im Gehäuse.

Make sure that while you are tightening a screw, it is aligned at a right angle towards the screw thread to prevent damaging the thread.

Stellen Sie sicher, dass beim Einschrauben einer Schraube diese im rechten Winkel zum Gewinde steht, um das Gewinde vor Schäden zu bewahren.
