Aluminum alloy frame, exquisite PVD Process

- Premium texture from PVD technology, and multi-level details of high gloss and brushed finishing
- Corner cutting and two-tone dial make the watch look thinner and narrower

Quick-to-change bezel 2.0

- Multiple upgrades in structure, material, and software functionality
- The bezel triggers different exclusive function watch faces

Rotatable crown, quickly access 'Widgets'

- Combining HyperOS 2.0 brings smoother interaction and more efficient operation

Newly upgraded screen and call experience

- Peak brightness of 2200 nit, clearer outdoors
- Upgraded dual-microphone noise reduction, Bluetooth calls are clearer

Advanced health detection

- Heart rate accuracy greatly improved by the latest self-developed algorithm
- One click micro physical examination function newly upgraded
- New screening for sleep rhythm disorders and respiratory training courses

Advanced professional sports mode

- First support for running posture recognition
- Support fall detection in skiing mode
