Treat yourself to some coolness during the hot summer days with the Tristar table fan. Thanks to its 40-watt motor and 30-centimetre diameter, this fan brings plenty of cooling. With three different speeds so you always get the optimal airflow.

Easy to adjust

The Tristar table fan is easy to set thanks to the push buttons on the base of the fan. Choose from three different airflow speeds whichever gives the most comfortable airflow for you. Thanks to the overheating protection, you don't have to worry about the safety of the product.

Easy to move

Thanks to its light weight, the fan is easy to lift and move. Use it in the office or for your home. With its 85-degree swivel function, it can cool the air in a large area. With the adjustment knob on the back, you can also easily lock it so it won't swivel.
