ICY BOX **IB-EW122B-TT**

Electric height-adjustable sit / stand desk with memory touch panel

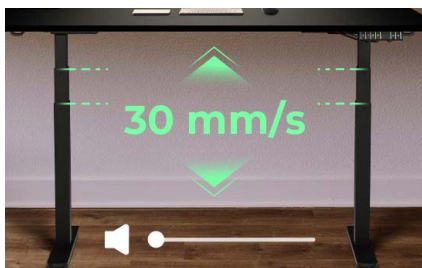

Space saver

With a generous range of height adjustment from 63 to 128 cm, combined with a stylish and robust design, the IB-EW122B-TT is an attractive accessory for modern workplace environments. At 140x70 cm, the spacious table surface offers plenty of room for your work utensils.

Simple operation

The height of the desk can be easily adjusted at the touch of a button, making it perfect for people of different heights. Three memory buttons are available for memorising different heights. Use the convenience either for your favourite scenarios or for co-users of the workstation.

Electric support times two

Two quiet motors reliably move the stable, smooth-running and steplessly adjustable table base. The undisturbed height adjustment with a speed of 30 mm/s enables the transition from sitting to standing and vice versa in a matter of seconds. It is operated with just a tap of the finger.
