Rock Dragon

schleich ELDRADOR CREATURES Rock Dragon:

The Rock Dragon is rarely seen, for it hides deep within the Stone World. Perfectly camouflage, its skin resembles craggy boulders. It even has moss on it! The only giveaway? The toxic green spines on its back and tail! Even its wings are lined with sharp crystal thorns. Anyone who manages to track it down immediately recoils from its wicked green eyes. The Rock Dragon is in no mood for company!

The Rock Dragon is notorious throughout all of ELDRADOR®, far beyond the Stone World. Although it is rarely seen due to its camouflage, explorers of the Stone World take all the necessary precautions. One thing is clear—the Rock Dragon does not like to mess around. It prefers to be left alone in the depths of its cave. If disturbed, it roars and spreads its massive wings to chase away the intruder. And when it gets mad, it swings its mighty lizard tail studded with sharp crystals. Let’s get out of here!
