Boil it faster.

Ever wanted a little extra boost when heating up your pots? On our electric hobs, the PowerBoost function adds even more power to speed up the cooking process. Now you can boil your pasta waster almost 35% faster, for less time in the kitchen, and a happier household.

Stores your control settings.

Have you ever unintentionally switched off your hob and all settings were gone? With Restart the cooktop saves your previous settings and restores them in case you switch your cooktop on again within four seconds.

Timer with shut off function

Timer with switch-off function: Turns off the assigned cooking zone after the set time

The handy ChildLock locks the control panel.

The handy ChildLock locks the control panel to prevent accidental changes in settings.
